

Federico Vietti

UI/UX & PRODUCT DESIGNER | MOTION & DATA VISUALIZATION | CO-FOUNDER, GRADEON

Biel/Bienne, Switzerland / fede.vietti99@gmail.com / +41 76 629 42 32 / behance.net/federicovietti2 / linkedin.com/in/federico-vietti

01 PROFILE

UI/UX and product designer who ships. I design end-to-end product experiences - user flows, interfaces, and design systems in Figma - backed by a motion-graphics and data-visualization craft sharpened on Olympic-grade broadcasts at Swisstiming. Co-founder of Gradeon, an AI / computer-vision app I designed and built from the ground up.

FOCUS UI/UX | Product Design | Design Systems | Prototyping | Motion Graphics | Data Visualization

02 EXPERIENCE

Oct 2023 - Present
Biel, CH

Swisstiming - Swatch Group

Motion Graphics & Data-Visualization Designer, UI/UX

- Design UI/UX interfaces for sports-technology products, from concept to delivery.
- Craft broadcast graphics and Olympic-grade data visualization for live audiences.

Feb - Jun 2023

Mallet Studio

Junior Product Designer

- Owned UX flows and UI design across client projects end to end, alongside senior designers.

Jun - Oct 2022

MONOGRID

Junior Product Designer

- Designed interactive, immersive digital experiences for large-scale clients (featured in *Monogrid People*).

03 SELECTED WORK

Venture

Gradeon CO-FOUNDER gradeon.ai

AI-powered trading-card pre-grading: computer vision, grading, and collection management. Designed the product and built it end to end.
